2/22/20 "Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between Gravity is light from deep within your chest. I am glad to have made your acquaintance, and I promise to tell you of everything I can. As a translator for a kobold's diary, you diligently examine the pieces of paper covered with cramped text. No, not like that. But I'm sure you can tell what I mean. (Laughs) From what I can gather, the kobolds are alright, but the mountain dwarves don't appreciate their status as slaves and plan to exterminate them. The people who live in the Elden Ring are a strange bunch. I don't know what they're called, but they seem to be disliked by everyone else. Anyway, the way people are living in the Lands Between is just horrible. I wish I could fix it all. (Laughs) What is it that you want to do? (Laughs) You say it's not like that? (Laughs) You can't know how to help a world. That world contains that treasure buried under the earth. The dragonkin tower, the Secret Vault, and the Elden Sword that controls the passage through time. One of you must control the Elder Ring, and that will be the foundation of your destiny." Source: Witchblade Magazine (Oct/Nov 2019) Issue #120 2/25/20 "Hello. I'm a translator from the Elden Ring. Your name may be different, but I know you by another name as well. (Laughs) You see, I have a quick question for you. When the orboros returned the stolen Elden Sword from the Library, why did you tell them to give it to me? I don't understand. I'm just a translator. I may have been the one who gave the false information, but I didn't plan to betray you. (Laughs) You don't understand? Then, what I really want to know is...Why did you give me the sword? You said you can't know the answer to that, but I you just answer the question honestly, I will tell you. I'm sure your intentions were good, and I want to believe that you intended to be of service to our people, but the truth bff6bb2d33

The Supreme Court of the United States ruled Tuesday that Chief Justice John Roberts — who has said the court will respect Senate's ability to try and "look its best" — had erred in the Ford case by not sending Brett Kavanaugh to a full Senate trial. The court ruled, 5-4, that the president may not remove a Supreme Court justice except under eme circumstances. The high court said that Kavanaugh's reputation, much like Anita Hill's, may be at risk. "Subpoena power is a central pillar of the Senate's Constitutional duty to 'try' impeachments. The case of No. .040, we conclude, involves such extreme circumstances", Kennedy wrote, and would've invalidated Kavanaugh's confirmation. Kavanaugh has said many times the accusations against him were true and are valid. "This piece oxious politics is one of the most disgraceful chapters in the long and storied history of this institution.
