Q: how to set xview and yview of a canvas How do I set the xview and yview for the canvas in matlab (creating a map of x and y coordinates and having a line graph along with the map)? A: It is simple  
- `x = linspace(0,2*pi); x_view = x; y = 1/5 * sin(x); y_view = y; figure; canvas(x_view,y_view); grid on hold on plot(x,y) plot(x_view,y_view)`  
Search This Blog Subscribe to this blog Follow by Email Posts I've been a bad blogger for a long time. It's because I was busy with my job and a lot of work. However, I want to share some stuff about my life in this blog. I have been keeping it hidden for a long time. I think everyone should share their experiences. 1. I graduated in 2010. 2. I enrolled in a media course for 4 semesters. 3. I got a lot of stuff from my parents which was bought by their side. However, when they can't take care of themselves. They will be my responsibility. 4. I have a good-bad relationship with my family. (The bad one is my parents. I seldom visited them.) 5. I rarely talked about my family or my relationships. 6. I'm the sort of person who can't live without music and gadgets. I... Hey dude, how are you doing? Do you use some system? I'm asking you this question because I want to know how many people can use some system. I know you might not accept this answer but I'll still try to get you down. 1. I did try a system from some system vendors. It sucks. You'll face a lot of problems. It seems to run on the server side. You can't open your account anywhere. You'll lose some money. 2. I tried one of those system a long time ago. I lost all my money and it was useless. I've not even tried their system for the past 2 years. However, I want to try some other system. 3. Most of you use some system. I'm not forcing 0cc13bf012
