The follow-up to an award-winning RPG with over 30 million copies sold, Skyrim quickly became a worldwide phenomenon and created an entirely new generation of RPG enthusiasts. Recognized as the best game in the genre and the final installment in Bethesda's award-winning Elder Scrolls franchise, Skyrim was lauded for its massive, open world, its detailed storylines, its rich characters, and its unparalleled art direction. It is now considered by many to be one of the best games of all time. The modding community took this epic world and gave the world of Skyrim a massive improvement with thousands of new content items. This has been universally applauded, as the Skyrim experience has never been improved upon quite like this. Tens of thousands of hours of excitement and limitless role-playing are available in this massive world of life-like immersion! Welcome to the thrilling adventure of Tarnished Heroes! Part 1. This battle of three factions, Three incompatible mythologies come to life in the Lands Between. On the continent of Umbra, where the ancestors of the Tarnished Kings once ruled as gods, three groups have been struggling for control of their descendants and the land. A group of immortal warriors known as the Tarnished Kings seek to recover the destiny that was stolen from them and their descendants, but they are currently being opposed by the heroes of the world of dreams and the mysterious beings known as the Shadow Riders. Meanwhile, the Tarnished Mages, who have been excavating their ruins and practicing magic for hundreds of years, have been awakened and are working to control magical energy. And lastly, the Vestal Knights, a monastic order that protects the Archonia Forest, are hunting down the secret conspirators who are manipulating magical energy. Part 2. A mysterious continent in the Lands Between, The third in a series of hero adventures. A huge continent exists in the Lands Between, which is the country that is governed by the territory lords. It stretches from the Land of Dreams in the west to the Archonia Forest in the east. However, a terrible civil war was just fought here, and the Kings are now in a desperate situation. Part 3. A

What's new:

THE NEW FANTASY ACTION RPG. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between.

- **A Vast World Full of Excitement** A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment.
- **Create your Own Character** In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic.
- **An Epic Drama Born from a Myth** A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between.
- **Unique Online Play that Loosely Connects You to Others** In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others.

Customer Reviews PC port Although the console version of Thi4: A Tale of the Elden Ring was already very well-received when it was released in 2014, the Xbox One/PS4 version was released without any changes, except for higher fidelity and higher resolution textures. We received several requests from users asking that we release the PC port of Thi4: A Tale of the Elden Ring, and we are here to give you the chance to play the PC version of Thi4: A Tale of the Elden Ring with your favorite keyboard and mouse. Do not want or refuse to use Windows 10 OS? It may be possible to play the game on OSX too (even though we know there are some compatibility issues). Do you own a PC or laptop with GNU/Linux operating system? If you manage to install the game you will be able to play the game with your keyboard and mouse. We just want to let you know that to play the game you will not need to make any changes to your OS, once it's installed you will be able to play it without any problems. Do you have problems with the installation? Is it too difficult for you or do you encounter errors and crashes? Please tell
