Super DVdate 6 is a very easy-to-use and.The present invention relates to removing water from a well and particularly to a re-entry and removal tool which extends from a conventional electrical well pump. There are many problems associated with the removal of water from a well. The first and most important is that of plugging or clogging the removal well with dirt, sand and other material from the area around the well in which the well is located. Once the well plug is in place the water cannot be removed from the well as the well is dead or in 79a2804d6b
